

## **LUMINARY - Supply List** with Lynette Butler

- Luminary pattern - you may choose the larger Luminary glow up pattern if you prefer
- Sewing machine in good working order with a new needle
- 24" x 36" cutting mat
- Rotary cutter with a sharp blade
- Scissors
- 6" x 24" ruler
- Thread, pins, seam ripper, etc.
- Fabric as per pattern

Luminary, by Jamie Swanson, is a scrappy star design that is colourful and not as difficult as it appears. In fact, there are only a few seams in the entire quilt that have to match. The result is a sparkling star design.

1. In the first class we will be looking at colour choices and placement.
2. In the second class we will be sewing random and various strip sets.
3. In the third class we will be cutting out our diamonds and backgrounds and beginning to build our star.
4. The fourth class will be the finishing touches!

I look forward to seeing you in the class.
